

Impact Tracking Sheet

The standard way chapters record activity, participation, and outcomes so results can be reported consistently across the network.

Reporting rhythm

Record data as each activity happens. Submit a summary to YouthConnect Network quarterly. Report only what you actually counted — estimates must be labelled as estimates.

A. Activity log

Date	Activity	Type	Youth involved	Residents reached	Hours

Type: service project · community event · resident outreach · intergenerational program · civic learning · chapter meeting.

B. Definitions — use these exactly

Metric	Definition
Homes reached	Distinct households that received direct outreach: a door-to-door conversation, a delivered item, a personal invitation, or a check-in. Count each household once per campaign.
Residents engaged	Individuals who took part in an activity or a substantive conversation.
Youth involved	Distinct young people who contributed to planning or delivery.
Volunteer hours	Hours contributed by youth and volunteers, including planning time.
Value of goods raised	Retail value of donated goods plus cash contributions, documented with a source for each figure.
Participation change	Attendance at a comparable activity now, versus a documented baseline. State both numbers.

C. Resident feedback summary

Feedback forms collected	
Average connection score (1–5)	
Top three themes	
Changes made in response	

D. Youth leadership outcomes

Youth in named leadership roles	
Youth who led an activity for the first time	
New skills practiced	
Youth retained from last quarter	

E. Quarterly summary

Accuracy over ambition. Every number YouthConnect Network publishes must be traceable to a chapter record. Do not round up, and never report a figure you cannot show the source for.
